

**THE MARKLAND HOMES ASSOCIATION INVITES YOU TO AN IMPORTANT  
COMMUNITY INFORMATION MEETING**

**TUESDAY, FEBRUARY 23, 2010 7:00 - 9:00 PM**

**ST. CLEMENT CHURCH HALL**

*Significant changes are being made to Bloor St. West through Markland Wood this spring.*

*In August, 2009 the City of Toronto adopted a policy that will change the nature of Bloor Street, as it runs through Markland beginning at Mill Rd.*

ABOVE IMAGE OF RATHBURN RD. TO ILLUSTRATE CHANGES COMING TO BLOOR ST.

**CHANGES WILL INCLUDE THE FOLLOWING:**

- **CHANGE FROM 2 LANES IN BOTH DIRECTIONS TO 1 LANE IN EACH DIRECTION**
- **THERE WILL BE A CENTRE SHARED LEFT-TURN LANE**
- **THERE WILL BE BIKE LANES AT THE CURBS RUNNING BOTH EAST & WEST**
- **TRAVELING EAST FROM MISSISSAUGA, THE BLOOR ST. LANE REDUCTION WILL BEGIN AT MILL ROAD**

*The traffic lane reduction will result in some additional delays and bottlenecks during peak hours.*

*The lane reduction will also likely result in increased traffic flow through Markland as drivers try to find alternate routes.*

*How will this impact our neighbourhood?*

*What should our response be?*
