Planned Changes To Bloor St. Through Markland Wood

Markland Wood Community Petition

Conducted by the Markland Homes Association

I/We have read in the March 2010 issue of the Marklander that the MHA Board has passed a motion to support Councillor Holyday standing at the appropriate City committee/s to seek a reopening and a deferral of the decision made last August 2009 to make lane changes to Bloor St. until proper community consultation and a proper study of the consequences for the affected communities are completed.

I/We support the Markland Homes Association Board's motion to have Councillor Holyday request that the decision to make changes to Bloor St. be reopened and deferred.
